Feldspar News

FELDSPAR HAS EXPERIENCED ITS BUSIEST YEAR so far since we arrived in Trentham 6 years ago. Our cosy and secluded B&B Cottage has seen couples relaxing by the fire in winter and on the verandah in summer while enjoying the gardens and bushland. Charming Feldspar House has proved a great venue for family and wedding groups, golfing groups (Trentham Golf Course has won many votes for excellence from visiting patrons), special reunions and bridge getaways with the facilities also proving ideal for special functions and dinners or luncheons and for mini conferences and workshops.

FELDSPAR GARDENS have taken a further leap forward over the last year with new plantings and wonderful growth due to generous periods of sunshine and rain. They have provided a great atmosphere for events such as weddings, birthdays and Christmas parties and have been host to a number of garden group outings.

We look forward to sharing the gardens with you over the TRENTHAM SPRING FESTIVAL to be held on the first SUNDAY in OCTOBER from 9:30am-4pm. Join us for a fabulous day, experience and enjoy our garden market with local organic produce and delicacies, wine tastings, live music by THE CAAN, games, an exhibition of fine art and photography in FELDSPAR GALLERY and top this all off with superb food & coffee from local producers, including WILDINGS, PUD FOR ALL SEASONS and OLIVE BRANCH PRESERVES. A great day out with family & friends to support the Trentham CFA and Lions Club. Admission \$10.00 per adult (children are free) including tasting glass.

On another note, Trentham is fast becoming a DESTINATION FOR WELLBEING. All types of massage and treatments including Remedial Massage, Bowen Technique, Reiki, Myotherapy, Aromatherapy and more can be enjoyed either in the township or in the privacy of your accommodation. We can design a package to have you completely relaxed and recharged before returning home to the daily routine.

ALL SEASONS are wonderful up in the Cool Country. Bracing walks or curling up in front of a roaring fire in Winter. Sensational colour in Autumn. Mellow shady Summers. A profusion of bulbs in Spring. Couple this with good food, produce and wine, markets, festivals and galleries, gardens and sporting and health amenities second to none.

WHAT A GREAT PLACE TO BE!
